

## A DISINFECTANT WITH SIX SOLUTIONS!

Vital Oxide is an EPA registered hospital disinfectant cleaner, and super effective odor eliminator. Ready to use with no mixing required. Just spray, wipe or fog right from the bottle. Non-irritating to the skin and non-corrosive to treated articles.

- 1 **EPA Registered Hospital Disinfectant**  
Proven to kill a wide range of viruses and bacteria. Vital Oxide does not contain volatile organic compounds (VOCs).
- 2 **Food Contact Sanitizer – No Rinse Required**  
NSF Registered (D2) Sanitizer  
99.999% Sanitization on food contact surfaces.  
Vital Oxide kills 99.999% of bacteria, including e Coli, Salmonella and Listeria in less than 60 seconds.
- 3 **Allergen Eliminator**  
Proven effective on pet dander as well as dust mite and cockroach allergens. Can be used directly on pet bedding & sleeping areas.
- 4 **HVAC and Air Ducts**  
Vital Oxide is used in HVAC and Air Ducts for antimicrobial control, including bacteria and other fungi, leaving the HVAC systems and Air Ducts free of microbial contamination and ensuring air quality.
- 5 **Soft Surface Sanitizer**  
Vital Oxide can be used as a sanitizer on a wide range of soft surfaces. Vital Oxide kills odors and odor causing bacteria on soft surfaces by eliminating the source. Great for upholstery, curtains, and auto interiors.
- 6 **Odor Eliminator**  
End malodors caused by smoke, trash, septic systems, stale cooking & more. Vital Oxide contains no masking agents or fragrances and is highly effective at neutralizing urine and fecal odors.

### SAFE, EFFECTIVE & LONG-LASTING

- USEPA Reg. No 82972-1 in all 50 states and Puerto Rico
- NSF rated (D-2) No Rinse Required on Food Contact Surfaces at full strength
- Hypo allergenic - Allergen reducing formula
- pH balanced
- Shelf stable - over one-year shelf life
- Odorless, with no offensive odor or fragrances
- Non-corrosive safe on treated articles like carpeting, fabrics, natural stones, and plastics
- Non-irritating to skin no glove required
- Used in emergency response to eliminate Norovirus out-breaks
- Clinical trials have shown a decrease of 95% in Health-care Associated Infections (HAI'S) of Acinetobacter spp in hospital environment
- University and government sponsor studies document long-term effectiveness on mold and mold spores, even eliminatin mold spores

"As the president of a microbiology testing lab, I see and evaluate new antimicrobial technologies often. After extensive testing, I can comfortably say that Vital Oxide is one of the most exciting new technologies on the market. Its dual-active system cleans well and is effective against a wide variety of pathogens – most importantly, it does the job quickly."

Benjamin D. Tanner, Ph.D.  
President, AntimicrobialTest Laboratories

Available in 1 Gallon – Bottle

### BREAKTHROUGH TECHNOLOGY

We have designed our product around a chemistry that is unique in all of nature. Effective on a broad spectrum of viruses, and bacteria, including "super bugs" like MRSA and H1N1, Vital Oxide breaks down to simple salt and produces no harmful by-products. Vital Oxide includes components that dramatically decrease the size of its particles. This increases the ability of the active solution to spread and penetrate both hard and porous surfaces. This also makes it effective against airborne pathogens by reducing droplet size from sprayers and foggers.

### Vital Oxide is proven to work on all surfaces

- GREAT FOR:**
- Hospitals and health care facilities
  - Medical and science research labs
  - Restaurants, cafeterias, food service facilities
  - Cruise ships, hotels, hospitality services
  - Schools, universities, educational facilities
  - Jails, prisons, correctional institutions
  - Government and public service offices
